

# MIRRABOOKA

## Mirrabooka Cabernet Sauvignon 2006

**Variety:** 100% Shiraz  
**Region:** South Australia (2006 vintage is 100% Eden Valley fruit)  
**Style:** Cooler climate style cabernet with herbal notes, supple tannins and classic cassis aromatics

### TASTING NOTE

Ruby-red. Herb-laced aromas of cherry and blackcurrant display good energy. Tangy cherry and berry skin flavors show good palate-coating intensity and spicy back-end lift. A bit tart on the finish, with the cherry quality echoing. And supple tannins adding nice weight and structure.

### WINEMAKING

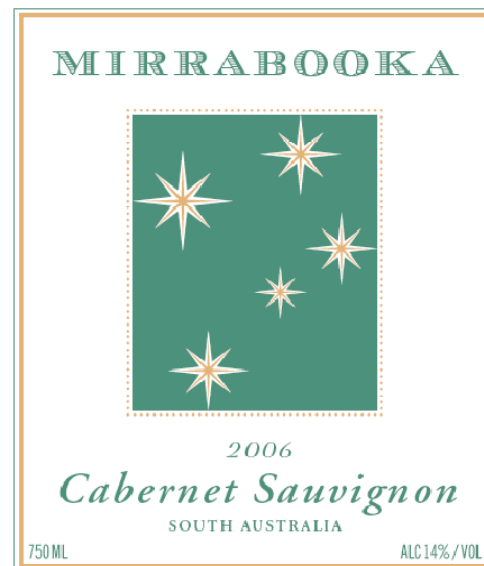

The fruit for this Cabernet Sauvignon came from premium Eden Valley vineyards. This wine was made using a philosophy of minimal handling to preserve the wine's primary fruit character.

The wine underwent primary fermentation in stainless steel and then spent six months on oak, where it underwent malolactic fermentation. This Cabernet Sauvignon embodies the characters of cooler climate wines— more savory fruit, more intense aromatics, & spice.

Alc. 14%.

### CELLARING

This Cabernet is drinking well now. Enjoy through 2014
