

Firestick Hunter Valley Semillon Sauvignon Blanc 2008

You Know When A Great Wine Strikes

The Poole's Rock Wines' Firestick range adheres to our unstinting company philosophy to showcase premium varietal wines from Australia's finest wine regions. The Firestick portfolio is made from select quality grapes grown on dedicated vineyard sites and managed by specialist individual growers.

Firestick is inspired by one of nature's most dramatic night-time performances; the animated dance of lightning strikes or 'sticks of fire' that illuminate the vast Australian landscape when two opposing storm fronts clash.

This wine is made from semillon and sauvignon blanc grapes sourced from selected sites in the Hunter Valley where vines thrive in mild temperatures and fertile soils, allowing the grapes to develop full and intense fruit flavor.

WINEMAKING

The grapes were machine harvested in January and February 2008 in the cool of night to preserve fruit integrity. The fruit was fermented at our winery in Pokolbin before final blending and bottling in October 2008.

TECHNICAL INFORMATION

Alcohol: 12.0%, pH: 3.0, acid: 6.6g/L, RS 4.0g/L.

WINEMAKER'S NOTES – Patrick Auld

Lime green in color, the wine has passion fruit and melon aromas. These lead to a refreshing palate which exhibits both gooseberry flavors and tropical fruit salad sweetness, with a fresh acidity providing a clean, crisp and dry finish.

This wine has been bottled early to capture the fresh fruit aromas and is ready for immediate enjoyment. It is an ideal accompaniment to a wide variety of foods including summer salads, grilled white fish, asparagus risotto, freshly shucked oysters, or goats cheese. Serve chilled.
